APPENDICES

Update 2015

The original explanation below no longer holds. You can still order the Companion CD. It is a veritable wide-ranging research source and does indeed constitute a library of rare materials. The offer of a complimentary copy of the CD is withdrawn, unless you live in Africa, where the mechanisms to send small funds are not user-friendly. I have tried as much as possible to place all those appendices on this website page in the context of their respective volumes. Unfortunately, due to much moving about and computer hiccups, a few appendices are either incomplete or missing, a problem that is beyond me to solve at this time (2015) and place (Vancouver, Canada).

Original Introduction

As in other volumes, I regret that the actual appendices are located only on the *Companion CD*. Contact me at <www.SocialTheology> or <boerjf@hotmail.com> for its availability. If you live in Nigeria, contact <vingam7@hotmail.com>.

The CD contains the complete text of all the volumes published so far. It also contains a thousand or more additional articles and documents on related subjects and is thus an invaluable resource for our subject. Those who purchase one or more volumes directly from me receive a complimentary copy of the CD. That means you will have the entire series for the price of one.

The CD may be copied and distributed without conditions. So, buy one, copy, sell and you have the entire series free plus a thousand additional articles!

No. AUTHOR

TITLE AND YEAR

1. I. S. Usman

Motion to the Constituent Assembly, 1977

422 Studies in Christian-Muslim Relations
